**Elective Experiences**

The opportunity to complete an elective is available to residents in their PGY2 or PGY4 year. Away rotations are approved by the program director based on resident standing and the proposed experience. Elective opportunities include:

- eating disorders clinic
- community psychiatry settings across the state
- college mental health
- advanced inpatient psychiatry (ECT)
- administrative psychiatry
- forensic psychiatry
- child/adolescent psychiatry
- geriatric psychiatry
- rural mental health
- international psychiatric opportunities including Malawi, Mexico and Jordan
- DBT Outpatient Clinics
- Medicine rotations (Internal medicine, family medicine, neurology, emergency medicine, inpatient pediatrics)
